Artist Jeremy Bortz is the creator of unique acrylic tile paintings sold in galleries around the world. Inspired by various influences, such as the weather, the seasons and extraordinary individuals like **Jenny Houghton**.

Our Gardens were inspired by Jenny Houghton, a patient who became a grateful advocate for the exemplary care and support she received at TEGH during her battle with breast cancer. As a lasting tribute to Jenny, her friends and family created our first Garden as a way to honour her courageous spirit and inspire hope and healing in the Oncology Clinic.

*You are cordially invited to celebrate
