

Flowers of *hope*

After watching his sister-in-law **battle breast cancer** at Sunnybrook's Odette Cancer Centre, prominent Canadian acrylic painter, **Jeremy Brotz** decided to help cancer patients in the best way he knows how—through the **power of art**. For **every \$2,000 collected** at Scotiabank branches in support of **Flowers of Hope**, Jeremy will refresh a chemotherapy suite with an original painting. Each piece will bring colour, **vibrancy and life** to the suites and create an uplifting environment where people with cancer can focus on getting well, **when it matters most**.
